POPULATION OF WARDS UNDER NEW DISTRICTING.

Council Adopts Plan Proposed Based Upon Capitations — General and Personal News.

ALEXANDRIA, Va., April 22, 1904. The city council held a special meeting last evening for the purpose of considering plans for redistricting the city in accordance with the provisions of the new constitution. The board of aldermen and the common council sat in joint session. Three plans were submitted by Corporation Attorney Boothe, each being based upon the capitation tax bills recorded. Two provided for an additional ward and the third for a change in the boundaries of the existing wards. Many of the members were opposed to the plans for a new ward. The adoption of either would have

additional aldermen. The matter was discussed at length and council finally decided upon the third plan, which makes the boundaries of the wards as follows: First ward, from the river on the east to Washington street on the west, Prince street on the north and the city boundaries on the south; second ward, between the river on the east and Washington street on the west, the city bounda-ries on the north and Prince street on the south; third ward, between the city boun-daries on the north and King street on the south, the city limits on the west and Washington street on the east; fourth ward, extending from the city boundaries on the south and west to Washington street on the east and King street on the

tion of the wards will be about as follows: First ward, 4.140; second ward, 3.020; third ward, 5,340; fourth ward, 5,270. This change places the homes of several of the members of the common council out of the wards they now represent. Mr. Leadbeater is changed from the fourth to the first, Mr. Johnson from the third to the second, Mr. Brill from the second to the first, and Mr. Bryan from the third to the fourth. The residence of Alderman Clark is changed from the third ward to the fourth.

A communication from the city board stating that unless council would appro-priate the sum of \$2,000 for the mainfore the usual time was referred to the of the city in the matter.
